

Best Practice I & II

Best Practices I

Student Exchange Programmes - Study Abroad Programme

The Contest

Ease the administrative hurdles faced by the students who opt for Study Abroad under student exchange programmes due to variations in the period of academic sessions between our college and Universities Abroad.

The Objectives

- To facilitate students avail study abroad programmes
- To conduct a special End-of-Semester Examinations for those students who miss regular End-Of-Semester Examination conducted in November, April, and June on account of their selection for student exchange programmes abroad

The Practice

Whenever student(s) got selected for student exchange programmes – study abroad, a special schedule is prepared for their assessment in the current semester and they are facilitated with flexible period of subsequent academic sessions here.

Obstacles faced if any and strategies adopted to overcome them

Additional burden for the course teacher(s) and the Office of the Controller of Examinations to execute the special privileges of those students who opt for Study Abroad under Student Exchange Programmes. It is willingly carried in the interest of the students.

Impact of Practice

Student(s) are free to opt for Study Abroad under student exchange programmes without any administrative hurdles to continue their study here after study abroad.

Resources required

- Necessary assessment materials
- Manpower to conduct assessment

Best Practices II

Periodic Gender Sensitization Programmes

The Contest

The American College as community has catered to the needs of the society by nurturing women's empowerment. Women students and faculty members need to be abreast with recent developments on the cause of gender equality. .

The Objectives

- To enable women students to take up challenges on par with others
- Helps to be trained to face the challenges in every walks of life
- To enable the students to have awareness about gender equality
- To provide technical skills to face the challenges of gender equality

The Practice

Organize periodic national / international conferences, seminars, workshops, and the inspirational talks for women students and faculty on the cause of gender equality.

Obstacles faced if any and strategies adopted to overcome them

Lack of financial support and committed manpower to organize programmes with relevance, it is overcome on persuasion.

Impact of Practice

Women students and faculty members of our college, voluntarily take up challenging positions in every sphere of society.

Resources required

- Financial support
- Manpower to organize periodic programmes
