## MISSION STATEMENT

I am a woman inspired by art and its details around me. Equipped with the degree of fashion designing and work experience from the fashion industry, I love to ignite a passion for learning in my students and empower them to become critical thinkers, problem solvers, and lifelong learners. I create an inclusive and engaging learning environment where diverse perspectives are valued and all students feel supported in reaching their full potential. I also bridge the gap between theory and practice by incorporating real-world examples and project-based learning into my curriculum to stay at the forefront of my field and continuously refine my teaching methods to ensure my students are equipped with the skills and knowledge they need to succeed in the 21st century.

## EXPERTISE

- Deep understanding of Women's and Kids wear Design process, from sketching and draping to patternmaking and construction I have a keen eye on intricate details and knowledge on creating garments that are both stylish and functional.
- Translating design concepts into detailed tech packs.
- Develop Inspiration boards, Mood boards, Story boards and Stylized Illustration for design process.
- Interlocking the rich tapestry of Indian heritage with the dynamism of Western trends, I'm passionate on creating fashion that celebrates cultural confluence.
- Upcycling is more than just crafting. It's a form of storytelling. Each garment has a history, and I love weaving that story into a new creation.
- Handicrafts and Digital artwork give me a way to express my own unique creativity. I can design and make things that are exactly what I envision, and there's no limit to the possibilities.
- I love the challenge of capturing the true essence of a product in a single image. It's about more than just showing what it looks like; it's about conveying its texture, its personality, its story.
