

Since 1881

The object of the College is “to give students of all creeds, a liberal Christian higher education, to train them in the service of God and humanity and to do such other things as are in harmony with that object.”

A BRIEF HISTORY OF THE AMERICAN COLLEGE

The American College, a higher educational institution, is known for its focus on academic excellence and social relevance. Its pioneering role in the development of college autonomy in India in 1978, its successful early implementation of Choice Based Credit System under autonomy and its completion of 142 years of service bear testimony to the position that the college currently enjoys. Originally founded by American Missionaries in 1841, the American College grew into a collegiate department in 1881 at Pasumalai by the initiatives taken by Rev. G.T. Washburn, the Founder Principal of the College. In the year 1906, the college was shifted to the present campus during the time of second Principal Rev. W.M. Zumbro. It became independent of the Mission in 1934 when an autonomous Governing Council was formed to manage its own affairs. Earlier, it was affiliated to the University of Madras and later, it came under the jurisdiction of Madurai Kamaraj University in 1965.

With its extreme sensitivity to national policies and community needs, the college has grown from strength to strength. It is one of the first set of seven colleges to be made autonomous by the UGC in 1977-1978. Presently, the college offers thirty two undergraduate, twenty postgraduate courses & nine M.Phil programmes in the Main Campus. There are nine research centres offering Ph.D Programmes in various disciplines. It also has a Study Centre for Indian Literature in English and Translation (SCILET) that has received international attention. The college established its Satellite Campus in Chathirapatti in the year 2014-2015 to cater the needs of rural community. There are thirteen undergraduate, two postgraduate courses and one M.Phil programme in the Satellite Campus. The College, as part of its social commitment, established the UGC sponsored Community College offering skill-based courses from the academic year 2014-2015. American College –

Community College offers eight B.Voc. Programmes and four M.Voc. Programmes. The college was re-accredited (3rd Cycle) by NAAC with Grade “A+” CGPA – 3.47 on a 4 point scale in 2022. Its alumni shine as luminaries internationally as scientists, intellectuals, administrators, corporate managers, statesmen, and leaders. The college has active theatre groups, National Service Scheme, N.C.C. units, Service Learning Programme (SLP) and Green Management Programme (GMP) that offer students a wide range of opportunities to serve society. These activities add up to make the campus vibrant for developing one’s personality. The college has tie-ups with many International, State, Central Institutes and private industries.

XV CHOICE BASED CREDIT SYSTEM

The American College has been adapting itself to many changes in the curriculum. The global perspective of the college has also been a driving force to provide quality education to its students. Autonomy has provided a platform for each department to have their own departmental objectives and to design their own curriculum. CBCS empowers students to consciously choose a set of courses to meet their objectives. As a result of this, scholars with interdisciplinary background may emerge.

Intellectual depth and breadth characterize liberal arts and science undergraduate education. CBCS also allows students to cross the artificial boundaries of varied academic disciplines and enables them to get the insights of several disciplines bringing out the inherent interest and aptitude.

After two-year long deliberations, the faculty has brought out a version of the Choice Based Credit System that suits the needs and aspirations of the American College community. It is not just a change in the nomenclature but also a paradigm shift in the educational practices.

The following are also some of the other expected outcomes, of CBCS:

- To develop human resources to suit a wide range of career opportunities.
- To promote inter-departmental cooperation within the college for a better utilization of the existing infrastructure and human resources.
- To cross, institutional barriers by way of transfer of credits among accredited institutions.
